

Prehospital Emergency Services  
Current Awareness Update  
Issue 35, April 2016

The aim of this Current Awareness Update is to provide a digest of information supporting evidence based practice in prehospital emergency services.

This is an edited version of  
the update for SWASFT staff

You will need a **SWASFT Athens account** to access resources

*Prehospital Emergency Services Current Awareness Update – Issue 35, April 2016*

**With thanks to Matt Holland, North West Ambulance Service Librarian** (on behalf of the National Ambulance Research Steering Group).

*This Current Awareness Update was commissioned by the National Ambulance Research Steering Group comprising of research leads from ambulance trusts in England, Scotland and Wales and other experts and groups supporting prehospital research. The aim of the group is to support the strategic development of ambulance and prehospital research whether leading, collaborating in or using research.*

The research papers have been arranged by the topic headings below: (Ctrl & Click on the heading to go straight to that section)
