

**Prehospital Emergency Services
Current Awareness Update
Issue 63, September 2018**

The aim of this Current Awareness Update is to provide a digest of information supporting evidence based practice in prehospital emergency services.

**This is an edited version of
the update for SWASFT staff**

You will need a **SWASFT Athens account** to access resources

Prehospital Emergency Services Current Awareness Update – Issue 63, September 2018

With thanks to Matt Holland, LKS ASE Librarian (on behalf of the National Ambulance Research Steering Group).
This Current Awareness Update was commissioned by the National Ambulance Research Steering Group comprising of research leads from ambulance trusts in England, Scotland and Wales and other experts and groups supporting prehospital research. The aim of the group is to support the strategic development of ambulance and prehospital research whether leading, collaborating in or using research.

The research papers have been arranged by the topic headings below:

[Prehospital Practitioners – Professional Development](#)

[Prehospital Research – Methods and Discussion](#)

[Diagnosis & Triage](#)

[Patient Profile](#)

[Helicopter Emergency Medical Services](#)

[On-Scene Interventions](#)

[Airway Management, Resuscitation & CPR](#)

[New ebooks and other resources](#)
