

Prehospital Emergency Services  
Current Awareness Update  
Issue 72, June 2019

The aim of this Current Awareness Update is to provide a digest of information supporting evidence based practice in prehospital emergency services.

This is an edited version of  
the update for SWASFT staff

You will need a **SWASFT Athens account** to access resources  
-register [here](#)

*Prehospital Emergency Services Current Awareness Update – Issue 72, June 2019*

**With thanks to Matt Holland, LKS ASE Librarian** (on behalf of the National Ambulance Research Steering Group).  
This Current Awareness Update was commissioned by the National Ambulance Research Steering Group comprising of research leads from ambulance trusts in England, Scotland and Wales and other experts and groups supporting prehospital research. The aim of the group is to support the strategic development of ambulance and prehospital research whether leading, collaborating in or using research.

The research papers have been arranged by the topic headings below:

[Prehospital Practitioners – Professional Development](#)

[Prehospital Research – Methods and Discussion](#)

[Diagnosis &Triage](#)

[Patient Profile](#)

[Helicopter Emergency Medical Services](#)

[On-Scene Interventions](#)

[Airway Management, Resuscitation & CPR](#)

[New ebooks and other resources](#)

Visit <http://discoverylibrary.org/swasft>  
to see all the information resources available to you including:

- ebooks
- databases
- journals
- point of care tools
- apps

## New Ebooks and other resources

### Ebooks

- **Advanced practice in healthcare: dynamic developments in nursing and allied health professions.**
- **Critical perspectives on the management and organization of emergency services.**
- **Healthcare simulation at a glance.**
- **The project book: the complete guide to consistently delivering great projects.**
